Subject: Wage Determinations on-line

Charles,

Is this sufficient documentation for certification to be an authorized user to get on line wage determinations?

To: Defense Logistics Agency Labor Advisor,

All potential contracting users in the Defense Distribution Center users of the Wage Determinations On-Line Program (WDOL) have been trained in its use and the applicable regulations. In accordance with user's guide with the WDOL USER'S GUIDE at <http://www.ceals.usace.army.mil/dod-prot/train.html> request certification be given to the Department of Labor that training has been received so the WDOL program can be implemented at DDC.
